

HL Display Group Manufacturing capacity

A WORLDWIDE INDUSTRIAL POWER • November 2011

Quality & Services

Customers focus

- Advices & technical assistance
- Flexibility
- High competence
- Close follow up

Quality certification

- From prototype to manufacturing
- ISO 9001 – 2000
Quality certification
- ISO 14001 – 2004
Environmental certification
- Considerable effort has gone into finding ways to maximise the recycling of waste material.

Logistics

- Multiple European HUB structure
- Kit packing
- Central or point by point delivery
- Installation service

Multiple industrial processes

Plastics

Printing

Metal

...& multiple production plants

Our production is dispatched on more than 60.000 sqm facilities

Suzhou

Falun

Sundsvall

Gliwice

Harlow

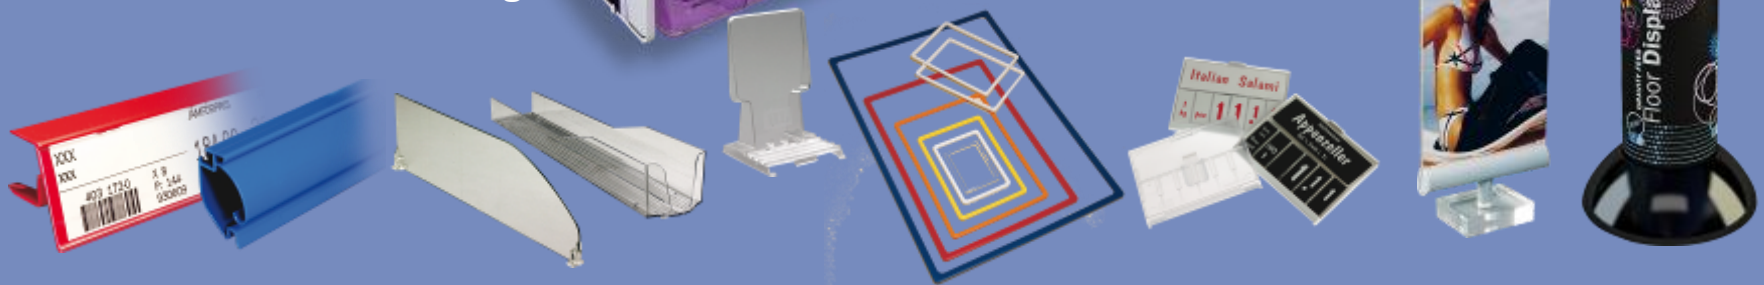

Click on the picture if you want to read more about our factories

Plastics

- Extrusion
- Injection Moulding
- Vacuum Forming
- Heat & Cold Bending

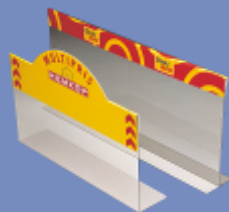

Printing

- Screen Printing
- Digital Printing
- Offset Printing
- Pad Printing

Metal

- Powder Coating
- Laser Cutting
- Metal Sheet and Wire Bending

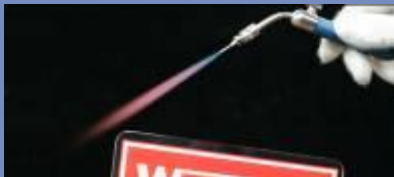

Multi-material

- In-house Design & Engineering
- Integrated Production facilities for all processes
- Finishing & Assembling

Sundsvall • SWEDEN

- Injection moulding
- Extrusion

Established in 1975.
Approximately 175 employees.
20.000 sqm

Falun • SWEDEN

- Screen Printing
- Digital Printing
- Heat & Cold Bending

Established in 1956.
Approximately 65 employees.

Gliwice • POLAND

- Injection moulding
- Aluminium products
- Assembly

Established in 2011
Approximately 60 employees.

Around 6.000 sqm.

Suzhou • CHINA

- Injection Moulding
- Extrusion

Established in 2006.
Approximately 55 employees.
More than 4.400 sqm.

Harlow • UNITED KINGDOM

- Punching & Laser Cutting
- Metal Sheet & Wire Bending
- Power Coating
- Injection Moulding
- Vacuum Forming
- Heat & Cold Bending
- Flame Polishing
- Diamond Polishing
- Screen Printing
- Digital Printing

More than 14.800 sqm
on 7.5 acre site.

280 employees.
